OVERVIEW

Marketing that Works Pte Ltd is an international business and management consulting firm based in Singapore, and in line with our corporate motto of “*Redefining Global Marketing Strategy*”, our focus is on advising international companies on how to excel and succeed in markets in Asia, and in the United States of America, as we do understand the complexity of a foreign market entry project.

Today’s companies do need fresh ideas to drive the export and growth of their products and services, and to create new Joint-Ventures across the USA, providing investors and companies with a powerful opportunity to establish a strategic foothold in the USA, the world’s largest economy.

Maintaining quality standards and sustaining profitable growth in the competitive US market requires powerful marketing strategies that enable companies to build, nurture, and maintain long-term and profitable business relationships.
